

MFHA Online Pedigree Search

From the main MFHA web page www.mfha.com click on "Hounds".

Then click on "Online Pedigree Search"

This will take you to the Online Pedigree Search screen

The screenshot shows the website header with the logo "MASTERS OF FOXHOUNDS Association & Foundation" and the tagline "Promote, Preserve and Protect - helping to save Foxhunting for future generations". Navigation links include Home, Contribute, Join Now, and Contact Us. A search bar is present with the text "Website Search" and a "GO" button. Below the header is a banner for "COVERTSIDE" with the text "Help Save Foxhunting for Future Generations! Contribute". A navigation menu includes About MFHA, Foxhunting, Hounds, Hunts, Legislation, MFHA Foundation, HSB Foundation, Calendar, and Shop.

It only takes a few simple steps to display your MFHA pedigree...

Step 1	Select the number of generations you will want displayed in the pedigree. For most computer printers printing in Landscape mode, 5 generations is the best choice. <input type="text" value="5"/>
Step 2	Enter the name, or partial name, of the MFHA registered hound to search for. <ul style="list-style-type: none">• If you use slow search, entering "Clair" will find all MFHA hounds whose names contain the letters "Clair", including all those containing "Claire" or "Clairedelune". <i>Slow search is more thorough and accurate.</i>• If you use fast search, you must provide a full word (not a partial word) for matches to show up; for example, entering "Clair" will find all MFHA hounds whose names contain the word "Clair" but would not find those whose names contain "Claire" or "Clairedelune". <i>For more successful searches, please use a word longer than 3 letters and omit any 's at the end.</i> <input type="text" value="Clair"/>
Step 3	Select which database to use: <input checked="" type="radio"/> MFHA database, over 71,200 entries. <i>Last updated 05/14/2012</i>
Step 4	<input checked="" type="radio"/> Perform fast search by full word. <input type="radio"/> Perform slow search by partial word, full word, or multiple words. Click on the "Search Now" button below. This will begin the search. The database is quite large, so do not be alarmed if it takes a minute to see the list of matches. <input type="button" value="Search Now"/>
	<p>*To print your pedigree, just click the "print" icon on your tool bar.</p> <p>*The percentage is determined by adding the BC of the sire and dam, dividing by 2, and rounding up to the nearest whole number.</p> <p>*For a certified copy, please call the MFHA office at 540-955-5680.</p> <p>**To search for English hounds, go to the MFHA UK's website (http://www.mfha.org.uk) and sign up for their online pedigree search.</p>

Step 1 - Select the number of generations you want displayed in your pedigree (For best results choose no more than 6 generations when printing and no more than 7 generations when viewing online).

Step 2 – Enter the name of the hound in the search field. The more information you enter the more refined your results will be.

Step 3 – MFHA database is automatically selected.

Step 4 – You can choose either **fast search** or **slow search**. **Fast search** lets you search with a single word and will return the most results. **Slow search** allows you to search by partial word, full word, or multiple words and is generally a better option.

Note-If you are searching for a hound whose name is the same as all or part of the prefix for a hunt (ex. Potomac), always choose the "Slow search" option or the results will include all hounds registered by Potomac in addition to any hounds named Potomac.

Example – If you are searching for Potomac Jefferson:

Entering Potomac in Step 2 and selecting fast search in Step 4 will return 1,012 results.

Entering Jefferson in Step 2 and selecting fast search in Step 4 will return 12 results.

Entering Potomac Jefferson in Step 2 and selecting slow search in Step 4 will return 1 results.

Click Search Now. This will open a new browser tab with your search results.

In the Search Results screen there are 5 options listed under each hound:

1. Pedigree w/Links
2. Pedigree w/o Links
3. Breeding Info
4. Trial Pedigree
5. Reverse Pedigree

MFHA Pedigree Database Search Search Results for Jefferson

Here are the Foxhounds that match "Jefferson".

step 5 Click on one of the links under the matches below to display the photo, pedigree or breeding information about each Foxhound. You can also generate a pedigree for a test mating with a second Foxhound. If you prefer to go back and do another search instead, click on the "Search" button. [Click here to return to the search page.](#)
