03/28/24

Nature and conservancy are important to riding with hounds for many reasons.

First, protecting the land allows the animals such as coyotes and foxes to have a habitat. Second, it lets us have a fun time riding are horses and jumping.

Third, fox hunting helps keep the ecosystem balanced.

I'm thankful to live in
a place where land is pro-
tected to enjoy riding
with my friends and family.

Thank you for letting me
share my thoughts.

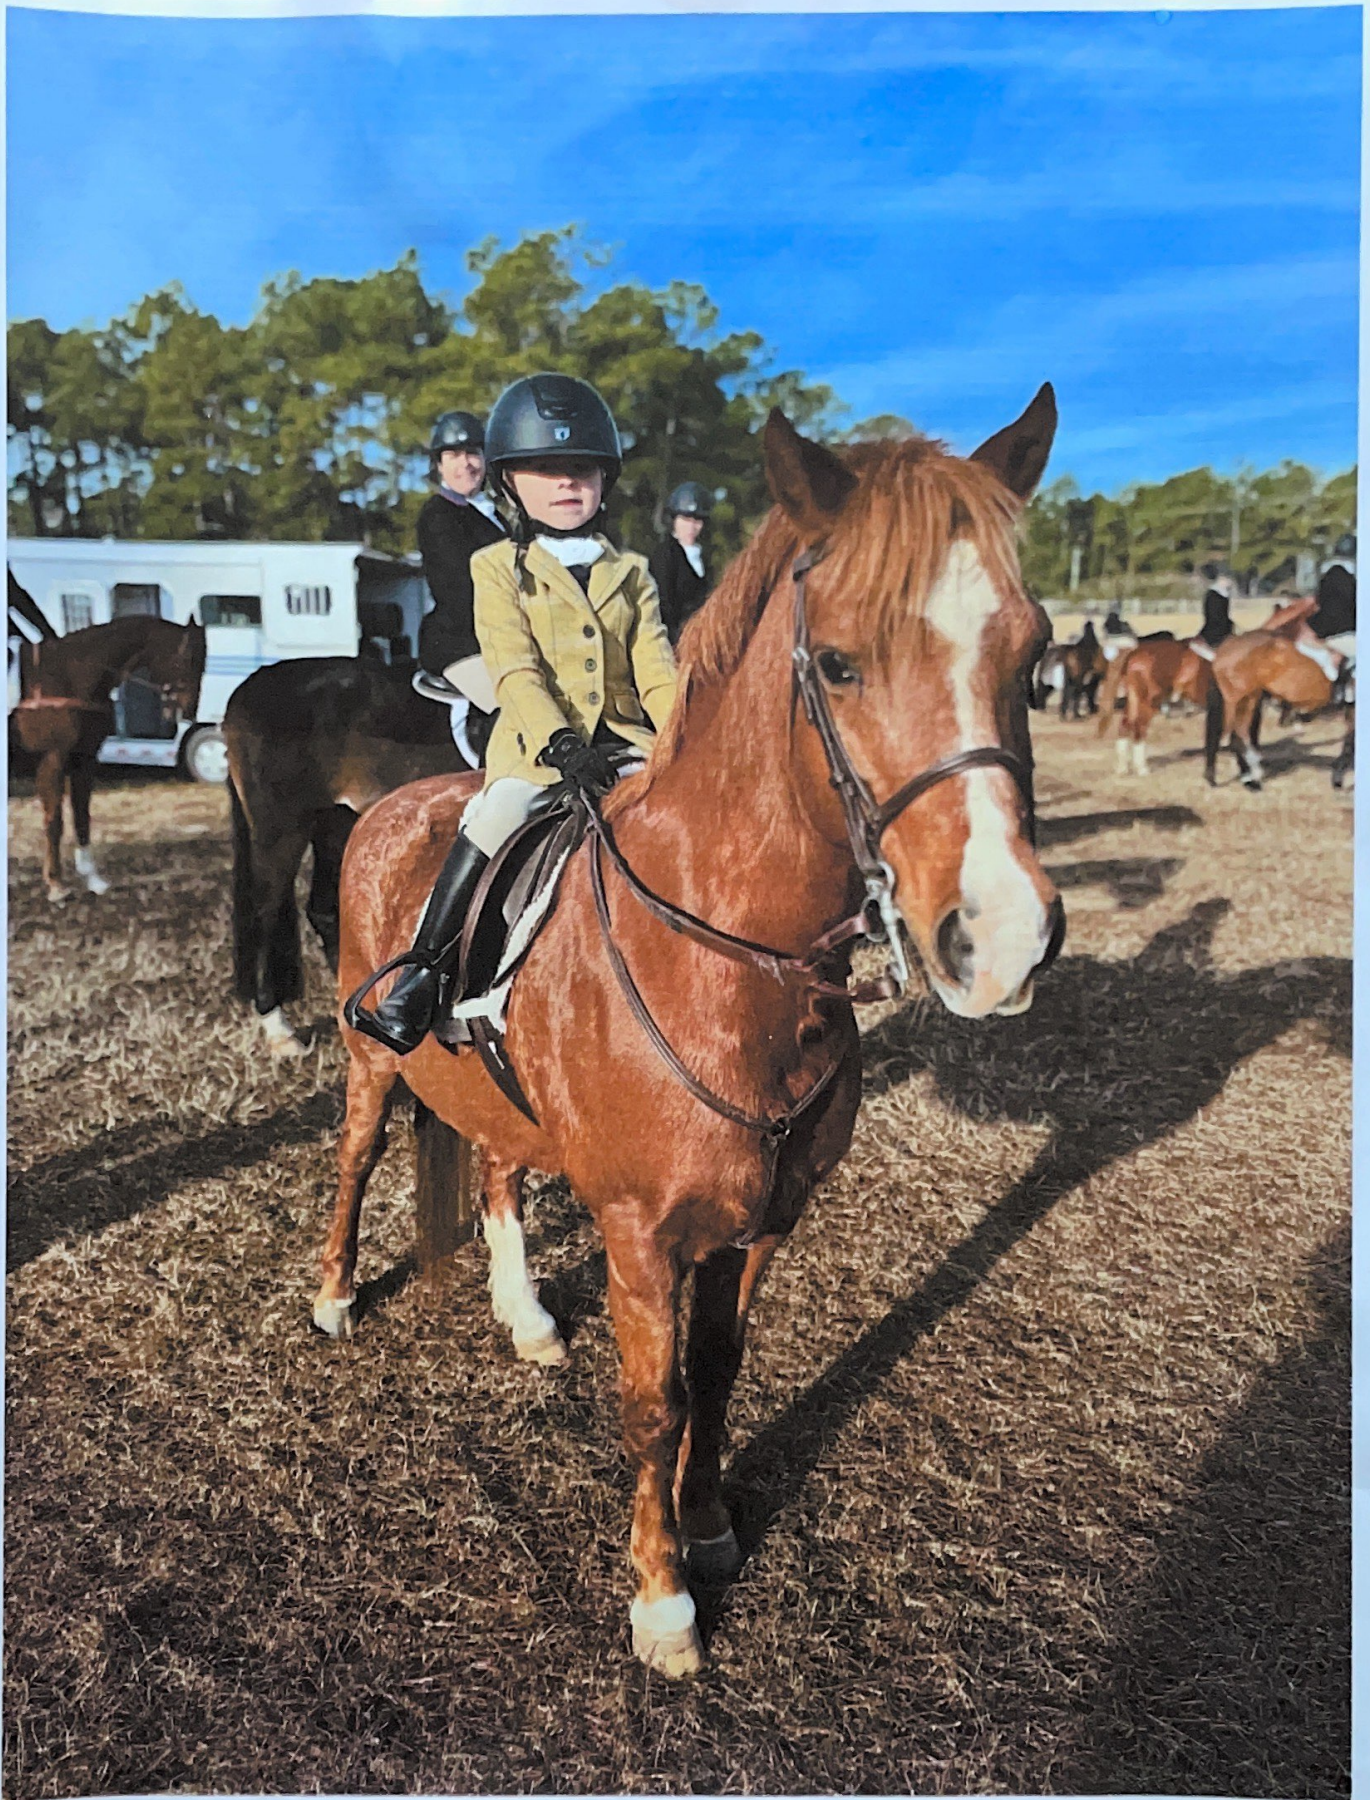

Hinton Paschal

age 6

I like Oscar the best because he is good at jumping. He is also very kind and nice. Did you know he is twelve and his brother is eleven.

Four body parts are the frog, hoot, leg and the main and the poll, crest and the small pastern, big pastern the withers, breast and the hip dock.
